

Penny Calcina, founder of *Earthstar Radiance*[™], is a Reiki Master, writer, former VoiceAmerica – 7th Wave Network radio host and developer of *Meditative Relationship to Self*[™], a body of work focused on reawakening to the organic nature of the body wisdom and developing intimate partnership with it. Falling in love with this work has launched a series of transformational weekends known as *Walking the Inner Labyrinth*[™], an immersion experience of living in community, exploring the Inner Labyrinth of self – the journey into the Divine essence within the core of each of us.

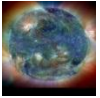

As a visionary of the new earth, Penny co-creates healing with individuals and groups from the deep celebration that no matter what area of life they are wishing to create change, it all begins inside, within them and their inner relationship to self. One of the most significant tools she uses is breath work. Through a deep partnership with her own breath rhythm and flow, intuitive guided imagery and a sprinkling of light humor, participants are guided to new flows within the body - opening to the deep potential of the breath of Life, the eternal flow of Love. Through Love, All is possible.
